

Serving the plastics industry for 35 years.

### Customer Commitment

Our philosophy here at The Plastics Group is that we are in a partnership with our customers and their success is our success. TPG has worked with this in mind from the very beginning and continues to perfect, expand and implement improvements as a direct result of our customer's input and needs. Many things may change in the market over the years but TPG's desire to exceed all customer expectations will remain a constant.

### Quality Products

The Plastics Group of America is an ISO 9001:2000 certified company and it is the goal of TPG to bring product quality and customer satisfaction to the next level every chance we get. We are proud of our quality products and continually strive to improve every aspect of our product line, processes and systems. As an ISO Certified company since 1996 we have stringent Quality Systems in place that guarantee we can supply you with the very best products and services at the most competitive pricing available.
